Date Issued: 18 September 2018	
Issued by: Victoria Clent	
Applicable route/operator:	Western / Great Western Railway
Local suicide prevention representatives:	Kimberley Carter (Network Rail) - 07920 276853 Paula Durrans (Great Western Railway) - 07771 672204

Nature of alert:

On 02 October 2017, a 17 year old boy ended his life by Sydney Gardens in Bath Spa at 16:51

He was airlifted to the hospital but sadly he succumbed to his injuries the following day.

This event was widely reported in the local media and the boy's school friends were badly affected by his death.

There is a possibility that due to the impact this event its anniversary could:

- attract vulnerable people to the same location to take their own lives
- encourage mourners to attend the site for vigils which may impact upon the safety and operation of the railway
- trigger memories for the rail staff involved in the incident

Recommended action:

Consideration should be given to Network Rail, staff of operators or BTP officers visiting the location of the incident around the time it took place to be on the look-out for:

- persons showing signs of distress or upset who may be at risk of suicide, or mourners gathering in an acts of remembrance
- any tokens of remembrance, which in line with industry guidance should be removed

It might also be appropriate to promote the industry's *Small Talk Saves Lives* campaign locally around this time to heighten community awareness of suicide prevention.

Managers of staff who may have been involved in the incident or could be affected by its anniversary should look for signs of trauma amongst them and offer support as per their organisation's welfare arrangements.
