

Suicide Awareness Alert

This alert has been issued because of specific intelligence relating to suicide activity on the rail network which it is believed may prompt individuals to take their own lives.

Date(s) applicable: 16 October 2018	
Date Issued: 30 September 2018	
Issued by: Victoria Clent	
Applicable route/operator:	LNE / Northern
Local suicide prevention representatives:	Alex Sullivan-Wilson (Network Rail) - 07920 401951 David Wilkinson (Northern) - 07826 535752

Nature of alert:

On 16 October 2017, a 16-year-old boy ended his life at Kildwick Level Crossing at 22:40

He had given no indication that he was struggling with his mental health or had suicidal intentions.

Students at his school were offered counselling as this event was so unexpected and caused widespread distress and shock amongst his peers.

There is a possibility that due to the impact this incident had on the local community and the age of the boy, the anniversary of the event could:

- attract vulnerable people to the same location to take their own lives
- encourage mourners to attend the site for vigils which may impact upon the safety and operation of the railway
- trigger memories for the rail staff involved in the incident

Recommended action:

Consideration should be given to Network Rail, staff of operators or BTP officers visiting the location of the incident around the time it took place to be on the look-out for:

- persons showing signs of distress or upset who may be at risk of suicide, or mourners gathering in an acts of remembrance
- any tokens of remembrance, which in line with industry guidance should be removed

It might also be appropriate to promote the industry's *Small Talk Saves Lives* campaign locally around this time to heighten community awareness of suicide prevention.

Managers of staff who may have been involved in the incident or could be affected by its anniversary should look for signs of trauma amongst them and offer support as per their organisation's welfare arrangements.
