Date(s) applicable: 01 March 2019

Date Issued: 08 February 2019

Issued by: Victoria Clent

Applicable route/operator:

Anglia / GTR

Local suicide prevention representatives:

Laura Kopleciw (Network Rail) - 07734 648 072

Barry Millward (GTR) - 07814 419 868

Nature of alert:

On 01 March 2017, a 17 year old boy calmly stepped out on the level crossing at Waterbeach between 17:00 – 18:00

The driver claimed that the boy looked at the train before impact but his father, who was out for the day with him at the time, maintained it was an accident despite the subsequent categorisation of the event.

This type of tragic incident, involving such a young person and being so prevalent in the news at the time:

- could attract vulnerable people to the same location to take their own lives
- may encourage mourners to the site to attend vigils which may impact upon the safety and operation of the railway
- could trigger memories for rail staff involved in the incident

Recommended action:

Consideration should be given to Network Rail, staff of operators or BTP officers visiting the location of the incident around the time it took place to be on the look-out for:

- persons showing signs of distress or upset who may be at risk of suicide, or mourners gathering in an acts of remembrance
- any tokens of remembrance, which in line with industry guidance should be removed

It might also be appropriate to promote the industry's *Small Talk Saves Lives* campaign locally around this time to heighten community awareness of suicide prevention.

Managers of staff who may have been involved in the incident or could be affected by its anniversary should look for signs of trauma amongst them and offer support as per their organisation's welfare arrangements.
